Guarantees of Origin from renewable electricity production

Axpo Solutions AG ("Axpo") certifies that:

For the full electricity consumption of Digital Realty Netherlands ("Digital Realty") in 2022, Axpo has purchased and redeemed Guarantees of Origin (GOs) produced by a mix of hydro-electric, photovoltaic and/or wind-turbine installations ⁽¹⁾.

Through the purchase and redemption of the GOs, Digital Realty has effectively consumed green electricity at its Dutch sites.

By consuming green electricity, Digital Realty continues its active commitment to the environment.
