

BrytEnergy

SUPPLIED WITH ZERO CARBON, 100% RENEWABLE ELECTRICITY

Sourced solely from solar, wind and hydro.

HFD GROUP LIMITED

PHOENIX HOUSE, PHOENIX CRESCENT, STRATHCLYDE BUSINESS PARK BELLSHILL,
LANARKSHIRE, ML4 3NJ

This is to certify that for the dates noted, the properties listed in the schedule attached* were supplied under HFD GROUP LIMITED's supply contract with electricity that's been sourced solely from zero carbon, 100% renewable sources, Solar, Wind and Hydro. ZERO carbon emissions can therefore be reported for electricity consumption under Scope 2 carbon emissions under the Greenhouse Gas (GHG) Protocol market-based method.

David Taylor

Sales & Marketing Director

*Provided that those properties remained on supply with us and no contract terminations, occupancy or tenancy changes occurred during the expected supply period.

Bryt Energy's supply product has been audited and verified by an independent third party, EcoAct, to guarantee that our products are backed by Renewable Energy Guarantee of Origin certificates (REGOs). Bryt Energy manages these certificates to ensure that we have a sufficient amount in order to supply renewable power to all of our customers across a year, and therefore allow our customers to report zero carbon emissions under the GHG Protocol Scope 2 Guidance. All source certification meets GHG Protocol Scope 2 Guidance Quality Criteria for market-based reporting method. This is not a REGO certificate. Certificates are held by energy suppliers for Fuel Mix Disclosure (FMD) purposes and Bryt Energy's FMD represents the total amount of electricity purchased from the wholesale market by Bryt Energy to cover our portfolio of customers' supply in given FMD year. Please note that all electricity to your properties is supplied via National Grid's transmission network and local distribution networks (not directly from a renewable generator), so you will be provided with electricity from a mix of sources that the grid is being supplied with at that time from all generators – this may include fossil fuel sources. For further information visit www.brytenergy.co.uk/what-we-offer/supply/our-fuel-mix/ or get in touch at 0330 053 8620.
