

In Recognition of Achievement in Sustainability

This statement acknowledges the climate action taken by

NorthC Deutschland GmbH

Your organization has taken steps to reduce its carbon footprint by sourcing renewable energy via Energy Attribute Certificates from ACT, who have canceled the certificates on your organization's behalf.

These certificates have been redeemed on behalf of NorthC Deutschland GmbH for their green electricity consumption in Germany in 2025.

With this, NorthC reduces their scope 2 to 0-ton CO₂eq, achieving 100% carbon neutrality for these emissions.

Standard:	Renewable Electricity
Type of Energy Attribute Certificate:	Guarantee of origin
Country of Origin:	Spain
Country of Consumption:	Germany
Technology:	Solar & Wind
Consumption year:	2025
Volume:	26.000 MWh
CO ₂ emissions:	0 ton CO₂ eq in Scope 2; 100% Carbon Neutral

This ACT Sustainability Recognition Statement
was issued on 25 February 2025
by your *climate action partner*, ACT Commodities.
